Portal de Luz ("Portal of Light")

One of the crystal skulls you will meet during the weekend is **Portal de Luz**, one of the "Crystal Kids" that travels with Joshua and Katrina. "Portal" has traveled to several sacred sites in the world with his brother & sister skulls and has just returned from Peru. "He" has had a chance to visit with some of the "Ancient" Skulls and an Atlantean Crystal Ball.

Logistics of the Talk, Workshop, and Sessions:

The **Friday evening talk** offers an opportunity to meet Joshua and Katrina, hear some of their amazing stories linked to the skulls, and meet their "Crystal Kids". At **Saturday's workshop**, learn about the ancient crystal skulls, the various theories of how the skulls were created, and their purpose in the world today. Hands-on work with the skulls will be provided to everyone to experience their energies directly. A question and answer period will be provided and the workshop will conclude with a meditation for world peace and music by Joshua. On **Sunday, and any other time available**, Joshua, Katrina, and the "Crystal Kids" will offer private healing sessions to allow people to directly experience the crystal skulls' energies, receive a spiritual healing with Katrina and an intuitive reading with Joshua. Contact Lydia for information and scheduling.
