

Home Computer Literacy 101

Do you feel like you just know enough about your Home PC to be dangerous?

Get frustrated when you need to find an application or a file and have no idea where it went when you saved it?

Need a few good pointers on browsing the Internet?

Need to make sure your PC is protected from Viruses and Intruders?

This one hour course will help you conquer the fears of using your home computer and help you increase your computer capabilities in simple non-technical terms. We will cover the following topics and more:

Basic Computer Terminology

Storing and Retrieving Applications and Files

Internet Tips & Tricks

PC Security – Virus & Intrusion Protection

Where to find Free Help and Software when you need it

Questions and Answers
